

Sport Premium Expenditure 2016-17

The principles by which pupil premium funding was allocated:

At St. Richard's sport was encouraged through extra-curricular activities at lunch and after-school. Activities offered included boxercise, football for boys and girls, tennis, rugby, hockey and basketball. All after school clubs were subsidised, lunch time activities were paid for solely by the funding.

Lunch time activities provided high quality coaching and resources and allowed a large proportion of our children to access physical activity on 4/5 days. The clubs improved health and fitness, offered a wide range of sports which changed termly, targeted our pupil premium children, and engaged inactive pupils. The clubs at lunch time reached a minimum of 50 children for 30 minutes. In addition to this we ran three physical after school clubs.

Our PE and Sports premium budget also allowed us to purchase high quality bikes and scooters which were used under supervision for 3 lunch times a week by the children in Early Years and Key Stage 1.

The PE and sport premium has increased the engagement of both staff and pupils in PE and Sport. Teachers focus on raising pupils' achievement and developing multi abilities in their PE lessons. Long term plans for the whole school with clear progression in skills has enabled teachers to plan individual lessons with clear intentions and sample planning has been offered. We use a specialist PE teacher to teach one of the two hour PE sessions.

We aimed for every child from Reception to Year 6 to be active for at least 30 minutes per day, every day.

How was PE and Sport Premium spent in 2016-2017?

Company	Sport	When	Year group	Cost per session	Number of children	Cost per child	Amount of funding used
Afterschool clubs							
Chelsea FC	Football	Thursday after school	Rec-Y2	£35	14	£2	£210
